10. **Background**

The Singapore Quality Award (SQA) was established by the Government of Singapore in 1994 as a key strategy to promote business excellence practices in public- and private-sector enterprises. The SQA and related activities are administered by SPRING, the NPO of Singapore. The success of the business excellence initiative in Singapore has gained attention in the region, and SPRING has been designated as a pilot APO center of excellence (COE) for business excellence. The objectives of the APO COE are to assist APO member countries in developing and strengthening their business excellence/quality award initiatives, and to provide greater value to participating organizations in these initiatives through the sharing of expertise.

In order to achieve these objectives, the APO COE has been organizing various activities, including a workshop for senior business excellence assessors held in 2010. In recognizing a need for developing the competencies of BE consultants in assisting organizations on the business excellence journey, a project commenced in Singapore in May 2011 to develop a manual for training BE consultants. This manual, scheduled to be completed in August 2011, will be utilized as the main training material during this workshop in Singapore in October 2011.

14. Actions by Member Countries

a) Each member country is requested to nominate three or more candidates for selection. Please ensure that candidates nominated meet the qualifications specified above.

b) Please note that when a candidate is nominated it does not follow that he/she is considered selected. Selection is at the discretion of the Screening Committee. A basic criterion for selection is the homogeneity of the participants in terms of qualifications and work experience. Non-selection therefore does not mean that the candidates concerned are not competent enough. Sometimes candidates are not selected because they are overqualified.

c) Each nomination should be accompanied by the documents listed below. A nomination lacking any of these documents may not be considered.

i) Candidate's biodata on the APO standard form in duplicate together with passport-sized photograph, which can be downloaded from the APO Web site. We encourage submitting the biodata form to the APO Secretariat in electronic form as an attachment to a cover e-mail message from the APO Director, Alternate Director, or Liaison Officer.

ii) The APO Medical and Insurance Declaration/Certification Form.

d) Every candidate must complete and submit a copy of the APO Medical and Insurance Declaration/Certification Form with his/her biodata at the time of nomination. Please note that for this particular project self-declaration is sufficient for candidates without any of health conditions or illnesses enumerated on the reverse side of the medical form. However, for all others, medical certification by a recognized physician on the reverse side of the medical form is required.

e) For reasons of expediency or because of time constraints due to approaching nomination deadlines, member countries sometimes send their candidates' biodata forms and medical reports by fax to the APO. While this action is very much appreciated, member countries are requested to mail the originals of the documents to the APO as well. They are needed for making clear and clean copies for the host country, especially with regard to the candidates' photos. If the documents are submitted electronically, there is no need to send the original by postal mail. If a digital photograph of a nominee is not attached to the electronic biodata form, a hard-copy photograph should be sent to the APO Secretariat by postal mail. Please specify the candidate’s name and the project code on the reverse side of the photograph.

f) Member countries are requested to abide by the nomination deadline specified in Section 8 on the first page. The APO may not consider late nominations, as they have in the past resulted in considerable difficulties to the implementing organization in its preparatory work for the project.

g) Under normal circumstances, candidates who are selected after the initial screening will be informed of their acceptance at least four weeks prior to commencement of the project.

h) Member countries are requested to inform candidates upon selection that they are not to bring family members or to engage in any private business activities during the entire duration of the project. Further, if they should become unable to take part, the NPOs concerned are requested to inform the APO and the host country promptly of this and their reasons for withdrawal.
i) All selected candidates are required to arrive at the venue one day before the start of the official project. Also, they are expected to return home upon completion of the official project because they are visiting the host country for the specific purpose of attending this APO project.

15. **Pre-departure Preparation**

Each selected candidate may be requested to prepare a country paper following the guidelines to be provided later.

16. **Other Conditions**

Other conditions for participation are given in the *APO Guide for Participants*, which is available from APO Liaison Officers/NPOs in member countries and on the APO Web site at [http://www.apo-tckyo.org/05part_guide.htm](http://www.apo-tckyo.org/05part_guide.htm).
