Other member countries with particular interest in this project may nominate candidates upon consultation with the Secretariat.

7. Number of Local Participants Up to six qualified participants

8. Closing Date for Nominations 15 June 2015

9. Objectives

a. To update the trends and status of youth employment in APO economies;
b. To examine the challenges facing labor productivity arising from youth employment issues;
c. To share existing policies and national programs to resolve youth employment issues; and
d. To come up with recommendations to improve youth labor productivity.

10. Background

The Asia-Pacific region accounts for 45% of the world’s youth, defined by the UN as those aged 15–24 years. There are insufficient formal-sector jobs to absorb young job seekers in the region; hence, the majority of the young work in the informal economy characterized by low levels of skill and productivity, low or irregular incomes, long working hours, small or undefined workplaces, unsafe and unhealthy working conditions, and lack of access to information, markets, finance, training, and technology. While many governments are
committed to addressing these problems through public policies and programs, only a few specific issues have been addressed so far. If unchecked, the increased vulnerability of young employees will result in seriously negative effects on economic growth and productivity.

In 2014, the APO organized a workshop on the Impact of Changing Demographics on Productivity. Through that workshop, updates on the labor participation situation in member countries were provided, in which youth employment arose as one major issue impacting labor productivity at that time. This four-day workshop in 2015 will be a good opportunity to share youth employment trends and challenges facing productivity in a broad range of member countries. Measures to tackle those issues; current policies to deal with youth employment problems will be discussed.

11. Scope and Methodology

The tentative topics to be covered are:
a. Key trends, facts and figures, and issues of youth employment;
b. Challenges facing labor productivity arising from those issues; and
c. Policies and national programs to deal with youth employment issues.

The workshop will be conducted with presentations and case studies by experts, country paper presentations, knowledge-sharing sessions among participants, and site visit.

The tentative program of the workshop is given below:

12. Qualifications of Candidates

The participants are expected to possess the following qualifications:

Present Position Ministerial labor officers, officials from public-based youth agencies, representatives from NGOs with youth employment programs, researchers from labor institutes or academic institutions with experience in the impact of youth employment issues on productivity.

Experience At least seven years of experience in the position described above.
Education

University degree or equivalent qualification from a recognized university/institution.

Language

All presentations and discussions during the workshop are conducted in English, and participants are frequently required to make oral and written presentations. They must therefore be proficient in spoken and written English. Those who are not proficient in English will not be accepted.

Health

Physically and mentally fit to attend an intensive project requiring participants to complete a number of individual and group activities and strenuous fieldwork. It is therefore recommended that member countries do not nominate candidates likely to suffer from physical and mental stress.

Age

Candidates who fit the above profile are typically between 35 and 50 years of age.

APO Certificate

Participants are required to attend the entire program to receive the APO certificate of attendance.

13. Financial Arrangements

To be borne by participants or participating countries

a. Participants’ insurance premiums: All participants should be fully insured against accident and illness (including hospitalization and death) for a principal sum equivalent to US$10,000.00 for the entire duration of the project and travel, and must submit to the APO Secretariat a copy of the comprehensive travel insurance certificate before participation. Such insurance should be valid in the host country. This insurance requirement is in addition to existing government insurance coverage in some member countries. If any participant is unable to insure himself/herself as stipulated above, he/she should secure this insurance in the host country at the commencement of the project and pay the premium himself/herself, if necessary, from the per diem allowance provided. Neither the APO nor the implementing organizations will be responsible for any eventuality arising from accident or illness.

b. All expenses related to visa fees and airport taxes.

c. Any expenses incurred by participants for stopovers on the way to and from the project venue as well as for extra stay at the project venue before and/or after the official project period because of early arrival or late departure, for example, due to either limited available flights or any other reason.

To be borne by the host country

a. Per diem allowances and hotel accommodation for up to 18 overseas participants for up to five days at a time to be specified later.

b. All local implementation costs.

To be borne by the APO

a. All assignment costs of overseas resource persons.

b. Round-trip economy-class international airfare by the most direct route between the international airport nearest to the participants’ place of work and Tehran. As far as practicable, all participants should purchase discount tickets. Please note that the
arrangements for the purchase of air tickets should follow the “Guide on Purchases of Air Tickets for APO Participants,” which will be sent to the selected participants. It is also available on the APO website and from APO Liaison Officers in member countries.

14. Actions by Member Countries

a. Each participating country is requested to nominate three or more candidates in the order of preference. Please ensure that candidates nominated meet the qualifications specified under section 12 above.

b. No form of self-nomination will be accepted. All nominations must be endorsed and submitted by an APO Director, Alternative Director, Liaison Officer, or their designated officer.

c. Please note that nomination of a candidate does not necessarily guarantee that he/she will be selected. Selection is at the discretion of the APO Secretariat. A basic criterion for selection is the homogeneity of the participants in terms of qualifications and work experience. Nonselection therefore does not mean that the candidates concerned are not competent enough. Sometimes candidates are not selected because they are overqualified for a project.

d. Each nomination should be accompanied by the necessary documents. A nomination lacking any of these documents may not be considered: two copies of the candidate’s biodata on the APO biodata form together with a passport-sized photograph. The biodata form can be downloaded from the APO website (www.apo-tokyo.org). We encourage submitting the biodata form to the APO Secretariat in electronic form as an attachment to a cover e-mail message from the APO Director, Alternate Director, or Liaison Officer. The nomination documents should be sent to the Research and Planning Department, APO Secretariat (e-mail: rp@apo-tokyo.org, fax: 81-3-5840-5324).

e. The APO Medical and Insurance Declaration/Certification Form. Every candidate must complete and submit a copy of the APO Medical and Insurance Declaration/Certification Form with his/her biodata at the time of nomination. Please note that self-declaration is sufficient for candidates without any of health conditions or illnesses listed on the reverse side of the medical form. However, for all others, medical certification by a licensed physician on the reverse side of the medical form is required.

f. Necessary documents are to be submitted electronically. In that case, there is no need to send a hard copy by postal mail. However, if the documents are submitted by fax, member countries are requested to mail the originals of the documents to the APO Secretariat as well. If a digital photograph of a nominee is not attached to the electronic biodata form, a hard-copy photograph should be sent to the APO Secretariat by postal mail. Please give the candidate’s name and the project code on the reverse side of the photograph.

g. Member countries are requested to adhere to the nomination deadline given on page 1. The APO Secretariat may not consider late nominations as they have in the past resulted in considerable difficulties to the implementing organization in its preparatory work for the project.

h. For member countries where nominations are required to be approved by higher government authorities and require a longer time, the APO Liaison Officers/NPOs are urged to send the names of nominees on or before the deadline, indicating that government approval will follow.

i. If a selected participant becomes unable to attend, he/she should inform the APO Liaison Officer/NPO in his/her country immediately and give the reason for withdrawal. The NPO concerned is requested to transmit that information to the APO Secretariat and the
host country promptly.

j. NPOs are requested to inform the selected participants that they are not to bring family members or to engage in any private business activities during the entire duration of the project.

k. Each selected participant should be instructed to arrive at the venue one day before the start of the official project. Also, he/she is expected to return home upon completion of the official project because he/she is visiting the host country for the specific purpose of attending this APO workshop.

l. NPOs should inform participants that they must attend all five days of the project to qualify for the certificate of attendance.

15. Actions by the APO Secretariat

a. Under normal circumstances, candidates who are selected will be informed of their acceptance at least four weeks prior to the start of the project.

b. If some candidates fail to qualify or be unable to participate after selection, or if some member countries fail to nominate any candidate, their slots may be filled by alternates from the same or another member country on a merit basis.

16. Project Preparation

The participants are required to prepare a paper prior to departure for the project venue. In preparing the paper, they are expected to follow the attached "Guidelines for the Preparation of Country Papers."

17. Postproject Actions

All participants are required to prepare action plans and share the plans with their NPOs. The APO will also request participants to submit progress reports six months after completion of the workshop.

18. Evaluation of Participants

If the conduct/attendance/performance of a participant is not satisfactory, these will be reported to the APO director concerned.

19. Guide for Participants

Other conditions for participation are given in the APO Guide for Participants, which is available from APO Liaison Officers/NPOs in member countries and on the APO website (www.apo-tokyo.org).

Mafi Amano
Secretary-General
The participants in this workshop are expected to prepare and present country papers keeping in mind the objectives, scope, and proposed outlined below. The fundamental objective of country papers is to give an overall view of issues relating to youth employment in APO member countries.

**Proposed Outline of Country Papers**

1. Overview of youth employment trends and status in your country (with statistical figures to illustrate youth employment rate, youth employment in informal sector, and decent jobs for the youth...);

2. Causes and challenges facing labor productivity arising from youth employment issues;

3. Existing policies and national programs addressing youth not in education, employment or training (NEET) issues; and

4. Intervention needed to mitigate the negative impact of youth employment issues.

The country paper should be printed out, single-spaced, on standard A4-sized paper and be between 3 and 5 pages in length, excluding tables/figures. Each participant should prepare a PowerPoint file for presentation of the country paper. A soft copy of the country paper and PowerPoint file should reach the APO (hngo@apo-tokyo.org and kmaruyama@apo-tokyo.org) and NIPO (nipo@mporg.ir) no later than 15 July 2015. All participants are expected to make a PowerPoint presentation of 20 minutes including a Q&A session. The presentations should focus only on the main points of the country paper. It is suggested that participants organize their presentation based on the topical outline above.
