Venue : Sands Expo & Convention Center
Marina Bay Sands, Singapore

Asia's premier environment event is back in Singapore!

One Environment, One Future: Towards a Sustainable and Greener Asia

14 - 16 March 2013 | Sands Expo & Convention Center, Marina Bay Sands

The 8th Eco-products International Fair (EPIF) in Singapore is scheduled for 14-16 March 2013 in Singapore. This event showcases the most advanced environmentally friendly products, technologies and services that enhance sustainable development and competitiveness. EPIF2013 serves as a global platform and one-stop centre to showcase Asia's commitments to the environment and highlight the biggest opportunities in eco-business.

Asian governments and the private sector have invested millions in eco-sectors, building entire eco-cities and investing in urban solutions, green buildings, green energy, smart grid, waste disposal, pollution control, green finance and water recycling. The fair will bring together participants from across the Asia-Pacific region and beyond, aimed at generating a wide range of exciting new business opportunities in this arena.

We encourage you to join us at another exciting edition of Eco-products International Fair in 2013! Learn more of Asia green market, exchange views and network with your industry colleagues.
