APO Self-learning e-Course on Climate Change Impacts and Adaptation: Basic Course, February 10-May 11, 2015

ABSOLUTELY **FREE** ONLINE TRAINING COURSE !!! ABSOLUTELY **FREE** ONLINE TRAINING COURSE !!!

CLIMATE CHANGE IMPACTS & ADAPTATION: BASIC COURSE (SELF-LEARNING)

FEBRUARY 10-MAY 11, 2015

ABOUT THE COURSE

In line with the APO's Green Productivity program, this course offers an introduction to multi-disciplinary perspectives on climate change to comprehend how climate change affects people as an individual, as a member of local community, as a citizen of country and as a member of the global community.

In this course participants will explore the science of climate change; the impacts of climate change; current methodology to alleviate these impacts and the future measures to adapt to climate change.

COURSE OBJECTIVES

To enable participants to understand the science, impacts, mitigation measures, policy framework, and adaptation that can be implemented on an individual, community, national and global basis to reduce the impacts of climate change.

TARGET PARTICIPANTS

Government officers, climate change professionals, academics, professional staff of NGOs and consultants actively involved in climate change adaptation and mitigation.

FOR DETAILS, CONTACT:
APO/DAP-SECRETARIAT
DEVELOPMENT ACADEMY OF THE PHILIPPINES
TEL. NOS. 631-2126; 631-0921 LOCAL 107;
E-MAIL: APOLU@DAP.EDU.PH

Green Productivity (GP) is a strategy for enhancing productivity and environmental performance for overall socioeconomic development. It involves the application of appropriate productivity and environmental management tools, techniques, and technologies to reduce the environmental impact of an organization's activities, goods and services.

Modules

- 1) The Science & Impacts of Climate Change;
- 2) Energy Usage – Current and Future;
Quiz on modules 1 and 2;
- 3) Environmental Economics;
- 4) Mitigation Measures;
- 5) Climate Change Adaptation;
Quiz on modules 3, 4 and 5;
- 6) Future Focus and Trends;
- 7) Final Exam;

Methodology

Self-learning e-modules, additional study material for participants, intermittent quizzes for self-assessment, and a final examination to qualify for the APO e-certificate.

Registration

Starts on 10:00 AM on February 10, 2015 and onwards (self-registration is continuing)

HOW TO REGISTER

- 1) Interested participants can register directly from the APO web portal: <http://www.apo-elearning.org/moodle19/>
- 2) Those already registered can access the course by using the assigned username & password. If you have forgotten your username & password, please refer to the FAQs on the home page of the portal.

ELIGIBILITY FOR E-CERTIFICATE

A minimum score of 70% on the final examination is required to qualify for the APO e-certificate. The certificate will be provided by the Asian Productivity Organization (APO).

The climate is changing and some of the most dynamic cities on the planet are vulnerable to the impacts of these changes. Climate Change is one of the biggest challenge the human race has ever faced, and one of the causes is man's unquenchable demand for energy from fossil fuels. Climate Change is already affecting the physical surface of the earth, the only environment that provides life support to people, and it will accelerate over the next few decades.

In line with its Green Productivity (GP) program, the Asian Productivity Organization (APO), in cooperation with the Development Academy of the Philippines (DAP), is implementing a self-learning e-course from February 10 to May 11, 2015 (3 months). This course offers an introduction to multi-disciplinary perspectives on climate change to comprehend how climate change affects people as an individual, as a member of local community, as a citizen of country and as a member of the global community.

The structured self-learning e-course will be implemented through the APO's dedicated e-learning website: <http://www.apo-elearning.org/moodle19/>. The participants can register on this website and create their own accounts. Registration starts at 9:00 am on February 10, 2015, ongoing until the end of the course.

As the National Productivity Organization, the Development Academy of the Philippines (DAP) is in charge of the coordination and promotion of the program at the local level. In this regard, DAP invites the public to register and participate in this **FREE** learning opportunity.

For more information, please refer to the poster advertisement or contact the APO/DAP Secretariat at Tel. No. 631-2126, or e-mail at apolu@dap.edu.ph or apolugrantees@yahoo.com.ph. Attn. Mr. Michael del Mundo or Ms. Bonna Frias. Other details can also be found at the APO website <http://www.apo-tokyo.org>.
