

Program calendar

April

Malaysia

Workshop on Green Productivity (GP), 24 March–18 April.

- Objectives: To develop GP lead trainers/consultants; and provide practical hands-on experience in GP practices to all participants.
- Participants: Professionals in the public, private, academic, or NGO sectors interested in implementing the GP concept and practices in their own organizations.

The Netherlands

Study mission on Building Reliable, Safe, Green Food Supply Chains, 1–5 April.

- Objectives: To study the latest developments and current practices in managing fruit and vegetable chains in the Netherlands; and benchmark against best practices.
- Participants: Executives or senior managers from the public and private sectors, high-level policymakers, relevant NPO staff, and leaders in the food industry and of producers'/traders' associations involved in promoting safe production and marketing of fruit and vegetables.

Pakistan

Training course on Total Productive Maintenance (TPM), 14–18 April.

- Objectives: To train trainers in TPM in the various tools and strategies to undertake TPM in the manufacturing and service industries in developing member countries.
- Participants: Senior managers of public and private enterprises in the manufacturing and service sectors who are in charge of the maintenance department, or TPM consultants from industry and NPOs.

Kindly contact your NPO for details of the above activities, including eligibility for participation. The project details along with the address of your NPO are available from the APO Web site at www.apo-tokyo.org.
