The curriculum vitae of each candidate, as well as that of his/her team, should outline where appropriate any previous experience with international organizations, noting the range of audit specialties that can be of benefit to the APO. The curricula vitae should include ethical standards governing their work; professional qualifications, skill and size of the workforce; membership in internationally recognized accounting or auditing bodies; proficiency in at least one of the two working languages of the APO Secretariat (English and/or Japanese); and training and experience of the team, including the existence of a program for the continuing professional education of staff. As the APO complies with the International Financial Reporting Standards (IFRS), please include any relevant information showing the candidate's knowledge of these standards, including any prior experience in auditing financial statements prepared in accordance with the IFRS.

2. Audit strategies

Please note that if the currency of payment is not Japanese yen, the APO operational rate of exchange in force for the month of payment will be applied. A detailed breakdown of the fee should be included (e.g., professional fees, travel costs, etc.). Travel costs should include all travel-relevant expenses, including transportation costs from the site of the external auditor's office to Tokyo. The justification for the fee proposed, including the linkages to the working months and the audit approach/strategies, should be explained. Circumstances in which additional fees will be required should be clearly specified.
