9. **Objectives**

To provide an opportunity for senior executives and responsible officers to understand the methodology and major components of ISO 50001 and enable them to reduce energy consumption and improve energy performance in organizations.

### 10. Background

Rapid industrialization in Asian economies has been a strong driving force in raising productivity in the region. On the other hand, however, it has shown negative effects on the environment such as global warming, climate change, energy price fluctuations, etc. It is crucial to promote energy efficiency and conservation (EEC) in the region to enable smarter, more efficient use of energy. The promotion of EEC will also help in the transition from carbon-intensive to environment-friendly, sustainable economic patterns.

The interest in EEC is not new among organizations and companies in all sectors as well as consumer groups worldwide. There have been some clear successes in many parts of the world, such as the growing adoption of energy-saving appliances and utilization of energy-efficient techniques and technologies. Yet more needs to be done in both the private and public sectors to facilitate energy-efficient practices and procedures in the Asia-Pacific region.

Organizations that waste energy through lax processes and insufficient management are not only losing money but are also causing avoidable pollution through increased carbon emissions. In addition, energy security and fossil fuel depletion have become global concerns. Proper energy management through EEC measures is therefore of paramount importance. This project will assist top managers in establishing, implementing, maintaining, and improving energy management systems to achieve continual improvement of energy performance based on the ISO 50001 standard.

## **11. Scope and Methodology**

### **Scope**

Concepts, fundamentals, and implementation of ISO 50001; tools, techniques, and documentation to achieve results in accordance with ISO 50001; and benefits of implementation of ISO 150001.

### **Methodology**

Lectures, discussions, presentations, observational site visit(s), and group discussions.

The tentative program of the training course is given below:

<b>Date/Time</b>	<b>Activity</b>
Sat., 7 May 2016	Arrival of participants in Bangladesh
Sun., 8 May	Opening session Presentation of resource papers
Mon., 9 May	Presentation of resource papers
Tue., 10 May	Site visit to a company implementing ISO 50001
Wed., 11 May	Group discussion Summing-up session and closing ceremony
Thu., 12 May	Departure of participants

## **12. Qualifications of Candidates**

The participants are expected to possess the following qualifications:

Present Position	SME managers, consultants, and professionals engaged in the field of energy efficiency and energy management.
Experience	At least eight years of experience in a related field.
Education	Preferably university degree or equivalent qualification from a recognized university/institution.
Language	All proceedings of the project are conducted in English, and

participants are frequently required to make oral and written presentations. They must therefore be proficient in spoken and written English. Those who are not proficient in English will not be accepted.

Health	Physically and mentally fit to attend an intensive project requiring participants to complete a number of individual and group activities and strenuous fieldwork. It is therefore recommended that member countries do not nominate candidates likely to suffer from physical and mental stress.
Age	Candidates who fit the above profile are typically between 30 and 55 years of age.
APO Certificate	Participants are required to attend the entire program to receive the APO certificate of attendance.

### **13. Financial Arrangements**

#### **To be borne by participants or participating countries**

- a. For participants from profit-making organizations, except for SMEs, and from APO member countries other than Cambodia, Fiji, Lao PDR, Mongolia, and Nepal:

Round-trip international airfare between the member country and Dhaka.

Participating country expenses of US\$50.00 per participant, payable to the APO in convertible currency.

- b. For all participants

Participants' insurance premiums: All participants should be fully insured against accident and illness (including hospitalization and death) for a principal sum equivalent to US\$10,000.00 for the entire duration of the project and travel, and must submit to the APO Secretariat a copy of the comprehensive travel insurance certificate before participation. Such insurance should be valid in the host country. This insurance requirement is in addition to existing government insurance coverage in some member countries. If any participant is unable to insure himself/herself as stipulated above, he/she should secure this insurance in the host country at the commencement of the project and pay the premium himself/herself, if necessary, from the per diem allowance provided. Neither the APO nor the implementing organizations will be responsible for any eventuality arising from accident or illness.

All expenses related to visa fees and airport taxes.

Any expenses incurred by participants for stopovers on the way to and from the project venue as well as for extra stay at the project venue before and/or after the official project period because of early arrival or late departure, for example, due to either limited available flights or any other reason.

#### **To be borne by the host country**

- a. Per diem allowances and hotel accommodation for up to 18 overseas participants for up to five days at the rate to be specified later.

- b. All local implementation costs.

**To be borne by the APO**

- a. All assignment costs of overseas resource persons.
- b. Round-trip economy-class international airfare by the most direct route between the international airport nearest to the participants' place of work and Dhaka for participants from Cambodia, Fiji, Lao PDR, Mongolia, and Nepal, for participants from SMEs, and for participants from nonprofit organizations from other APO member countries. Please note that the arrangements for the purchase of air tickets should follow the "Guide on Purchases of Air Tickets for APO Participants," which will be sent to the selected participants. It is also available on the APO website and from APO Liaison Officers in member countries.

**14. Actions by Member Countries**

- a. Each participating country is requested to nominate three or more candidates in the order of preference. Please ensure that candidates nominated meet the qualifications specified under section 12 above.
- b. No form of self-nomination will be accepted. All nominations must be endorsed and submitted by an APO Director, Alternative Director, Liaison Officer, or their designated officer.
- c. Please note that nomination of a candidate does not necessarily guarantee that he/she will be selected. Selection is at the discretion of the APO Secretariat. A basic criterion for selection is the homogeneity of the participants in terms of qualifications and work experience. Nonselection therefore does not mean that the candidates concerned are not competent enough. Sometimes candidates are not selected because they are overqualified for a project.
- d. Each nomination should be accompanied by the necessary documents. A nomination lacking any of these documents may not be considered: two copies of the candidate's biodata on the APO biodata form together with a passport-sized photograph. The biodata form can be downloaded from the APO website ([www.apo-tokyo.org](http://www.apo-tokyo.org)). We encourage submitting the biodata form to the APO Secretariat in electronic form as an attachment to a cover e-mail message from the APO Director, Alternate Director, or Liaison Officer. The nomination documents should be sent to the Industry Department, APO Secretariat (e-mail: [ind@apo-tokyo.org](mailto:ind@apo-tokyo.org), fax: 81-3-5840-5324).
- e. The APO Medical and Insurance Declaration/Certification Form. Every candidate must complete and submit a copy of the APO Medical and Insurance Declaration/Certification Form with his/her biodata at the time of nomination. Please note that self-declaration is sufficient for candidates without any of health conditions or illnesses listed on the reverse side of the medical form. However, for all others, medical certification by a licensed physician on the reverse side of the medical form is required.
- f. Necessary documents are to be submitted electronically. In that case, there is no need to send a hard copy by postal mail. However, if the documents are submitted by fax, member countries are requested to mail the originals of the documents to the APO Secretariat as well. If a digital photograph of a nominee is not attached to the electronic biodata form, a hard-copy photograph should be sent to the APO Secretariat by postal mail. Please give the candidate's name and the project code on the reverse side of the photograph.

- g. Member countries are requested to adhere to the nomination deadline given on page 1. The APO Secretariat may not consider late nominations as they have in the past resulted in considerable difficulties to the implementing organization in its preparatory work for the project.
- h. For member countries where nominations are required to be approved by higher government authorities and require a longer time, the APO Liaison Officers/NPOs are urged to send the names of nominees on or before the deadline, indicating that government approval will follow.
- i. If a selected participant becomes unable to attend, he/she should inform the APO Liaison Officer/NPO in his/her country immediately and give the reason for withdrawal. The NPO concerned is requested to transmit that information to the APO Secretariat and the host country promptly.
- j. NPOs are requested to inform the selected participants that they are not to bring family members or to engage in any private business activities during the entire duration of the project.
- k. Each selected participant should be instructed to arrive at the venue one day before the start of the official project. Also, he/she is expected to return home upon completion of the official project because he/she is visiting the host country for the specific purpose of attending this APO training course.
- l. NPOs should inform participants that they must attend all four days of the project to qualify for the certificate of attendance.

#### **15. Actions by the APO Secretariat**

- a. Under normal circumstances, candidates who are selected will be informed of their acceptance at least four weeks prior to the start of the project.
- b. If some candidates fail to qualify or be unable to participate after selection, or if some member countries fail to nominate any candidate, their slots may be filled by alternates from the same or another member country on a merit basis.

#### **16. Project Preparation**

The participants are required to prepare a paper prior to departure for the project venue. In preparing the paper, they are expected to follow the “Guidelines for the Preparation of Country Papers” to be provided later.

#### **17. Postproject Actions**

All participants are required to prepare action plans and share the plans with their NPOs. The APO will also request participants to submit progress reports six months after completion of the training course.

#### **18. Evaluation of Participants**

If the conduct/attendance/performance of a participant is not satisfactory, these will be reported to the APO director concerned.

## 19. Guide for Participants

Other conditions for participation are given in the *APO Guide for Participants*, which is available from APO Liaison Officers/NPOs in member countries and on the APO website ([www.apo-tokyo.org](http://www.apo-tokyo.org)).
